3 Authorization to participate

I declare that I am the parent or legal guardian of the minor identified in this form, or that I am duly authorized to consent to their participation.

I authorize the minor to take part in the Missions.photos experience as part of the event indicated above.

I understand that Missions.photos is a photo game in which participants may receive photo missions, take photographs and appear in photographs taken by other participants.

In the normal course of the experience, photographs may:

- be uploaded by the event's participants;
- appear on the event's shared photo wall;
- be seen by other participants who have access to the event;
- be kept in the souvenir album associated with the event for the period set by the package chosen by the organizer.

This authorization is part of the consent required to participate. Missions.photos works by creating and sharing photographs during the event.

4 Participant identification and privacy

Missions.photos does not ask the minor participant to create an account. The participant only uses the first name provided when joining the event.

I understand, however, that the minor may be recognizable in photographs taken during the event. Information and photographs associated with the event are handled in accordance with the privacy policies that apply to the service.

5 Supervision of the minor

I understand that Missions.photos provides the platform for completing the missions and sharing photographs, but does not provide custody or supervision of the minors present at the event.

Supervision of the minor remains the responsibility of their parent, their guardian or the event organizer, according to the arrangements that apply to the event.

6 Removal and moderation of a photograph

I understand that some photographs may be removed or moderated using the features offered by Missions.photos, and that requests concerning personal information may be handled in accordance with the policies that apply to the service.

7 Separate promotional authorization

Important: authorization to take part in the event does not automatically give Missions.photos the right to use the minor's image to promote or market its service.

I authorize Missions.photos to use photographs in which the minor is identifiable for promotional or commercial purposes:

- ☐ YES - I authorize this use.
- ☐ NO - I do not authorize this use.

Refusing this promotional authorization does not prevent the minor from taking part in the event.

I confirm that I have read and understood the nature of the Missions.photos experience, and I authorize the minor's participation under the conditions described in this form.

Parent / guardian's name: _____
